

# Naresh Patre

Senior Technical Support Engineer

“Adopting simulations holds the key to developing faster, efficient, and safer products and technologies. Every engineer should be able to explore ideas and innovate by performing instant simulations to further improve the product design and its quality”

## BIO

Naresh discovered his passion for engineering simulations during his Bachelor’s studies. His interest beyond CAD modeling drove his passion further for engineering simulations. He is a team player with continuous focuses on providing customer satisfaction.

## GOALS

- Empowering design engineers to adopt simulation
- Help Ansys users improving their skills and productivity
- Continuously seek excellence

## Ansys EXPERIENCE

Naresh joined Ansys as application engineer. Since then, he has been exposed to a vast variety of problems as he helped customer from various industries. Going above and beyond to ensure customer satisfaction has been one of his mainstays. He is currently supporting Design Engineers to perform rapid simulations.

## SPECIALTIES

- Geometry & Meshing
- Fluid Dynamics
- Structures
- Heat Transfer
- Customization

## INDUSTRY INTERESTS

- Consumer Products
- Automotive

## PROFESSIONAL

### EDUCATION

Bachelors in Mechanical Engineering, Pune University, India

## PERSONAL

### INTERESTS

Cricket, Music, Movies

### LANGUAGES

English, Marathi, Hindi

## COMPETENCIES

### SIMULATION

### ENGINEERING

### LEADERSHIP

### Ansys PHYSICS
